PROFILE

Motivated and dedicated software engineering student, eager to learn about new aspects of modern-day skills and armed with a strong foundation in programming. My passion for technology and problem-solving aptitude drive me to support your company's creative endeavors. I am a great communicator among others, a quick learner and I am passionate about team work, so I believe I could fit in different environments where I can contribute my skills while learning too.

TECHNICAL SKILLS

- Java
- Python
- React
- HTML, CSS, JavaScript
- R

SOFT SKILLS

- Time Management
- Quick Learner
- Team work
- Problem solving

LANGUAGE

- English
- Sinhala

EDUCATION

BEng (Hons) Software Engineering

2023 - 2026

Informatics Institute of Technology - Affiliated with University of Westminster

Completed 1st Year with 120 Credits:

- Software Development I - 91%
- Mathematics for Computing - 87%
- Trends in Computer Science - 66%
- Computer Systems Fundamentals - 100%
- Software Development II - 58%
- Web Design and Development - 88%

2nd Year Modules - TBC:

- Object Oriented Programming
- Database Systems
- Software Development Group Project
- Software Engineering Principles and Practice
- Machine Learning and Data Mining
- Algorithms: Theory, Design and Implementation

Foundation Certificate in Higher Education

2022

Distinction Pass

Informatics Institute of Technology

BCS Level 4 - Certificate in IT

2021 - 2022

Live college - In collaboration with British Computer Society

- Computer and Network Technology
- Information Systems
- Software Development

G.C.E Ordinary Level (English Medium)

2019

Sujatha Vidyalaya - Nugegoda

Young Learner English Language Course

2012 - 2013

British Council - Colombo

ACHIEVEMENTS AND AWARDS

- Foundation Certificate in Higher Education - Distinction pass
- Participation certificate for Skillup 2.0 workshop by Leo Club of IIT
- Participation certificate for API Development and Postman Hands-on Learning Session by Fidenz Academy
- BCS Level 4 Certificate in IT

EXTRA CURRICULAR ACTIVITIES

- Badminton Player
- Member of Rotaract Club of IIT - 2023
- Volunteer member of IEEE student branch of IIT - 2024
- Member of Interact Club of Sujatha Vidyalaya - 2018

PROJECTS

- **Wedding Event Management System using Machine Learning**

A system which allows to preview the wedding day prior the event day with decorations and furniture placement.

Languages - ReactJS, Python, HTML, CSS, Django, NodeJs

- **Online shopping system**

A system which allows user and manager to manage products and view the cart.

Languages - Java(OOP), Swing

- **Student progress prediction system**

Allowing students and lecturers to view the progress of final result.

Languages - Python

- **Web design prototype**

A prototype of a system which contains details about football.

Languages - HTML, CSS, JavaScript

- **Foodie Fave Queue Management System**

A system which allows to view queues, add customers, store data into a file, remove customers from a cashier queue.

Languages - Java (OOP)
